

A modern, fresh take on pop, which transcends the local mainstream music standards!

With her latest project, the singer/songwriter **Zuzana Mikulcová** offers an unique mix of deeply personal Slovak lyrics, R'n'b feel and minimal electronic music production. Her second album, ***Dievča*** was released in December 2018 and it's her first full-scale cooperation with the acclaimed Slovak producer/musician **Andrej Hruška**, who has worked with the who's who of Slovak and Czech music scenes. On *Dievča*, they try to reach beyond artistic limits and conventions in songwriting, production, band recording and sound design, offering a bold statement about their idea of modern pop. The album has been given multiple shout-outs in **Top of 2018** summaries.

Zuzana has been a rising presence on the music scene in the last couple of years. She introduced herself with her first LP, *Slová*, in 2015. Since then she has constantly been touring Slovakia and Czech Republic, doing everything from solo shows in coffee shops to club dates, concert halls, music festivals and opening arenas for international acts like **Lisa Simone** or **James Blunt**. Last year, she worked with the acclaimed rappers **Vec** and **Tono S.** on a single called *Tváre Slobody*, which is a salute to the anniversary of the Velvet Revolution in Eastern Europe. She has also been busy touring with the Slovak star **Richard Müller** and appeared on multiple TV shows, including a tribute concert for the 75th birthday of Slovak jazz legend **Peter Lipa**.
